## Top 10 News and Media Category Websites Ranked By US Market Share of Visits

Note - the Hitwise data featured is based on US market share of visits, which is the percentage of online traffic to the domain or category, from the Hitwise sample of 10 million US Internet users. Hitwise ranks over 1 million unique websites on a daily basis, including sub-domains of larger websites. Hitwise categorizes websites into industries on the basis of subject matter and content, as well as market orientation and competitive context. These rankings are based on individual urls and not network aggregations of websites.

\*The market share of visits percentage for weather.com, cnn.com and nytimes.com does not include traffic to sub domains of these websites which are reported on separately.
